

American Modern Insurance Group

Payment Options

Payment flexibility is important to you, so we offer many ways for you to pay your premium. Payment options vary by product and are not available on all policies. Your agent can give you the available options.

You can change your payment plan at any time, but we recommend changing on your policy's effective date to avoid confusion. If you have any questions, or want assistance changing your payment plan, call Customer Care at **800-543-2644**.

Credit Card

We accept debit cards plus Discover®, MasterCard®, Visa® and American Express®.

Check

We are glad to accept your personal check.

EZ Pay

An electronic funds transfer service (EFT), monthly payments are automatically withdrawn using your credit card, checking, or savings account.

- You pick the day of the month (day 1 to 30) you want your payment withdrawn
- It's safe and accurate
- There are no postage costs

2 - Pay

Pay your policy premium in two installments. The first payment is due before the policy effective date, and the second payment is due a couple of months after the policy goes into effect.

4 - Pay

You pay 25% of your total annual premium as a down payment by the policy effective date. We bill you in three additional installments.

10 - Pay

You pay 16.3% of your total annual premium by your policy effective date, and then make nine additional installment payments.

For each plan, payment due dates vary by state. Your agent can let you know when your payments will be due. A small service fee is added to each of these installments to cover the handling costs.
